“Vivagrup ArGe İthalat İhracat” LTD located in Turkey, Ankara, is a company which develop and produce innovation products, such as instant teas. Tea is the world’s second most frequently consumed drink after water. Herbal teas, especially, is becoming an increasingly sought-after ingredient because of its health-promoting properties. But dried herbs in most cases can’t meet this demands, because of risk of bacterial contamination, aflatoxins e.c. The rates of efflux of compounds to hot water are also varied, and the active ingredients that provide the expected efficacy from plants generally do not pass into hot water in the effective dose. We meet these demands with an extensive range of high-quality instant herbal teas. The special future of herbal tea HIT teas are produced from 100% natural products. Our instant teas have the same great taste, quality and benefits of herbs.

Sertay Sport is producing commercial and professional fitness equipment with using its own resources. This means production process is not only assembling parts together but also produce almost every parts of the exact product. Drawings are made on a design software with qualified designer. Fully-owned producing is helps to keep high quality for lower prices. Capacity of production is about 60 plate loaded or free weight machines and 120 benches in a month. To widen its market across the world, company needs direct buyer, a wholesale buyer, partners that sale products even higher price or producing equipment for a different brand.
